

Norwegian Smyrna Cross-Stitch: Technique and 39 Charted Designs (Dover needlework series)

Needleworkers looking for a different stitch and a new challenge will find the happy combination of both in the Norwegian smyrna cross-stitch. An exceptionally attractive cross-stitch of increasingly popularity, smyrna is easy to do, works up quickly, and offers a wide range of decorative and practical uses. Smyrna cross-stitch embroidery (also called double cross, double knot, leviathan, and star stitch) is a type of canvas work counted from a chart and stitched entirely using the bold, textural smyrna cross. While this durable stitch and its charming designs are traditionally worked with heavy wool on coarse canvas, it can be easily adapted to any gauge canvas. Noted needlework author Pamela Miller Ness clearly explains smyrna and provides 39 color-coded charted designs. Use them to make pillows, tote bags, wall hangings, rugs, or to decorate yokes, cuffs, inserts in clothing, and much more. Charts are also suitable for counted cross-stitch, needlepoint, rug hooking, crochet and knitting.
