

Connect: Building Success Through People, Purpose, and Performance

It doesn't take long to understand why The Wall Street Journal calls Keith Harrell a star with attitude. Keith Harrell, a.k.a. Dr. Attitude, helps you along on your path to success. Keith is a best-selling author, performance coach, and nationally acclaimed motivational speaker recognized for his innovative and enlightening presentations to Fortune 500 companies like Coca-Cola, IBM, Microsoft, and Southwest Airlines. In *Attitude is Everything*, Keith taught readers to gain control of their careers and their lives by turning positive attitudes into successful actions. But attitude is only half the equation. Once you have super motivated employees, you need them to connect to the company's goals and its mission to achieve maximum success. Success is built on connections we make with people and ideas. Whether it's connecting with customers to improve their service experience, or connecting with the strategic business plan and objectives for the coming year, the foundation for success starts with connection. In *Connect*, Keith Harrell and Hattie Hill reveal the seven core competencies needed to connect individuals and organizations in order to heighten productivity and to maximize personal and professional success.
