

## Horror & Monster Modeller

Horror and Monster Modeller SciFi & Fantasy Modeller Gloriously gruesome! Terrifyingly entertaining! Heres something exciting and completely different for modelers to enjoy... from the publishers of Sci-fi & fantasy Modeller comes Horror and Monster Modeller, an all-new 148-page book featuring a wicked array of chilling hobby projects. From scratch-builds to dioramas, conversions to sculpting, Horror and Monster Modeller shows you how in excruciating detail, via hundreds of lavishly reproduced all-colour photographs and informative text from renowned builders and writers. Dare to open its pages and youll discover a blood-curdling contents lineup, including: Recreating a 1:1 Fiend Without A Face! Godzilla Vs Mecha-Godzilla Tokyo stomp-fest! Building a horror-themed Diableries! Bride of Frankenstein hay-cart conversion! Scratch-built Dunwich Horror! Sculpting a blood-soaked zombie bust, step by step! Memento In Utero: Alien-esque display! Behind the scenes of the Wormweird Tarot! Plus much, much more!
