

## Ghettos Forgotten Daughters: Why we must go from Victim to Victor

This book will take you through a journey of a young girl's quest of self-discovery. It has taught her a great deal about herself even throughout her womanhood. She was able to learn that she could no longer allow life's tragedies and circumstances to hold her captive. Those things almost destroyed her to the point where she wanted to take her own life. Everything that tried to break her made her into the vibrant, loving and strong woman she is today. She is no longer a Victim! She is a Victor! And her wish for everyone reading this book is to become a Victor too! Allow this writing to speak to your spirit through scriptures and through the openness of revealing her life for what it was and more importantly what it has become. This book will encourage young women to move beyond many life situations and circumstances to a better tomorrow
