

## When Ghosts Speak: Understanding the world of earthbound spirits

Mary Ann Winkowski is a happily married mum just like any other, except for one thing: she talks to dead people. Mary Ann realised she had a gift when she was a little girl, when earthbound spirits began communicating with her. Thus began a lifetime of helping the departed make peace with whatever kept them from crossing over into the next realm -- a loved one, unresolved emotions, a home they couldn't leave. In this incredible book, Mary Ann shares fascinating stories of her many paranormal encounters, as well as advice on how to recognise when you're not alone, and what to do if you find yourself in the presence of a ghost.
